

3/18/2020

MEMA is gathering information on the economic loss to small businesses throughout the state as a result of the COVID-19 outbreak. We are collecting this information so that Mississippi may request a Economic Injury Declaration from the Small Business Administration to aid in the economic loss suffered as a result of the COVID-19 event.

Attached are two documents. First is the actual worksheet. Second is an instruct sheet. Please disseminate this worksheet and instructions to any small business within your respective counties that may have suffered economic hardship as a result of the response efforts of the COVID-19 event. After business owners complete these worksheets, they can submit them directly to the MEMA State Coordinating Officer Todd DeMuth, for inclusion into the SBA declaration request.

**SUBMISSION TO MR. DEMUTH NO LATER THAN
Wednesday, 01 April 2020.**

Please contact Todd DeMuth at tdemuth@mema.ms.gov with any questions you may have.
